

# Connecting to the Wi-Fi

**2-Steps** - Connect to Wi-Fi and Authentication

# Do I Use Email or Username?

When logging in, you will have some cases where you need to use school email or just your `firstname.lastname` and any number you may have.

Example:

`firstname.lastname2@education.nsw.gov.au`

`firstname.lastname2`

You will use just `firstname.lastname` with your number for logging into the internet and your email for logging into applications or websites.

# Connecting to the Wi-Fi Chromebook

Step 1: Click the network icon on your taskbar (in the tray) and select the detnsw network

## Step 2: Change the following settings to match

### Join Wi-Fi network

SSID

detnsw

Security

EAP

EAP method

PEAP

EAP Phase 2 authentication

MSCHAPv2

Server CA certificate

Do not check

Subject match

Cancel Connect

Step 3: Enter your DoE Username and password e.g. firstname.lastname2

Join Wi-Fi network

Domain suffix match

Identity

john.smith5

Password

.....

Anonymous Identity

Save identity and password

Cancel Connect

Done: it should now say connected

# Authenticating Wi-Fi

# Authentication Portal

Go to **detnsw.net** - this will need to be done at the start of every day

The screenshot shows a web browser window with the address bar displaying the URL: `edgeportal.det.nsw.edu.au:6082/jhp/uiid.php?vsys=1&rule=1&token=zPQto5jSc.isEX5bFT5Yap9Op/zoo=&url=https://detnsw.net%2f`. The page title is "DoE Secure Internet at Edge - Authentication Portal". The main content area displays the following text:

DoE Login is Required to access the Internet

You are required to identify yourself to enable access to the Internet.

Log in with your DoE account

Below this text is a login form with two input fields. The first field contains the text "john.smith5". The second field contains a series of ten dots, representing a password. A blue "Login" button is positioned below the password field.

# Once You're Online

We recommend you use Chrome with a profile signed into your Education login - let us know if you need help with this

Example:

**firstname.lastname2@education.nsw.gov.au**

This uses the same password as you just used for logging onto the Wi-Fi
